

some churches are big

some churches are small

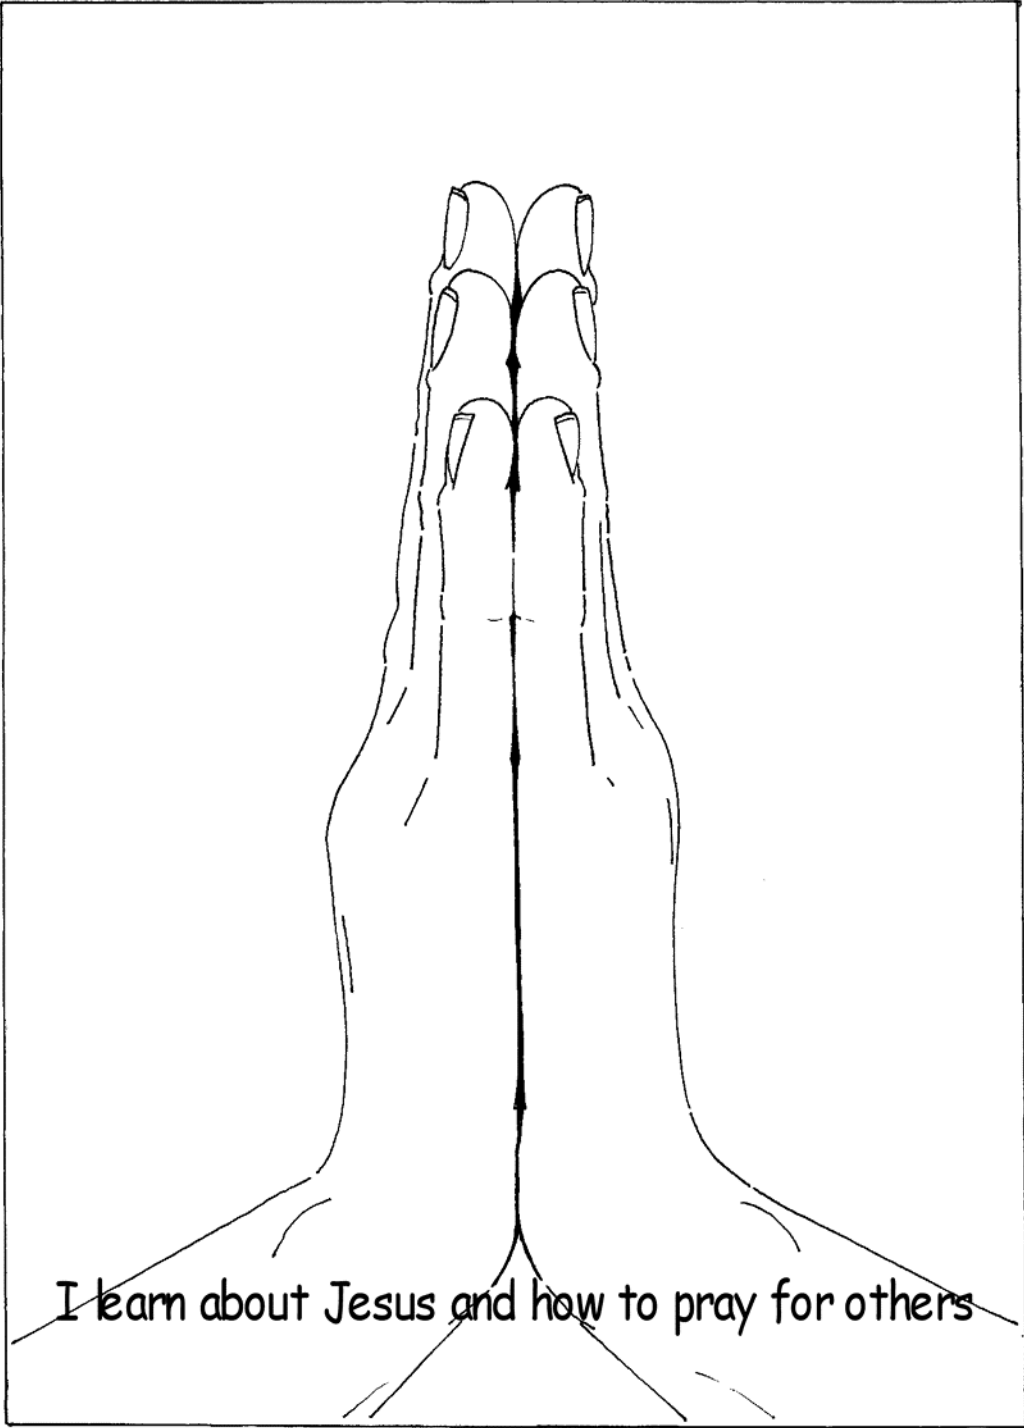

My church is awesome because its in the mall

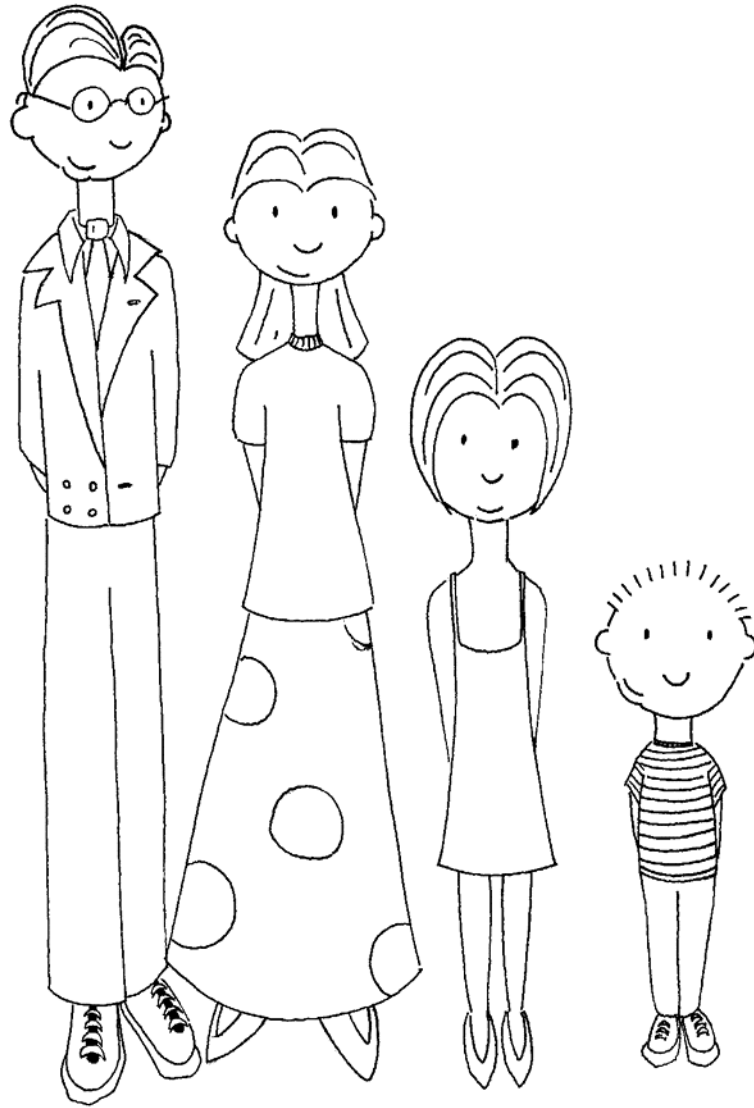

A body of believers who  
love and care

Are better than walls  
and ceilings and chairs

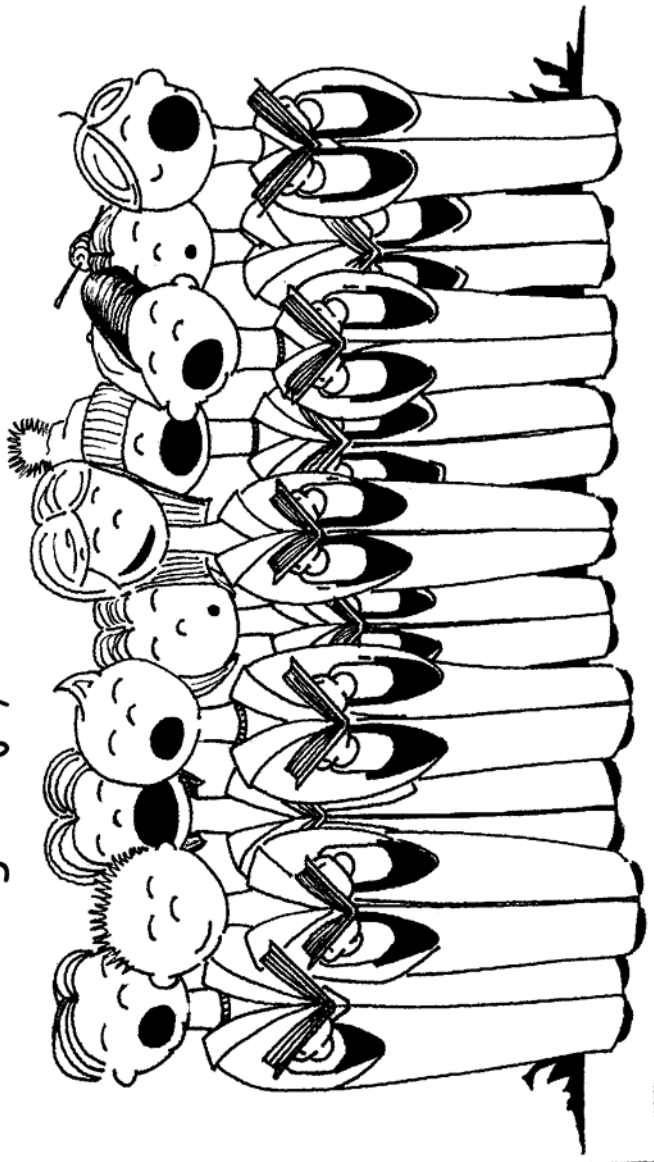

I learn about Jesus and how to pray for others

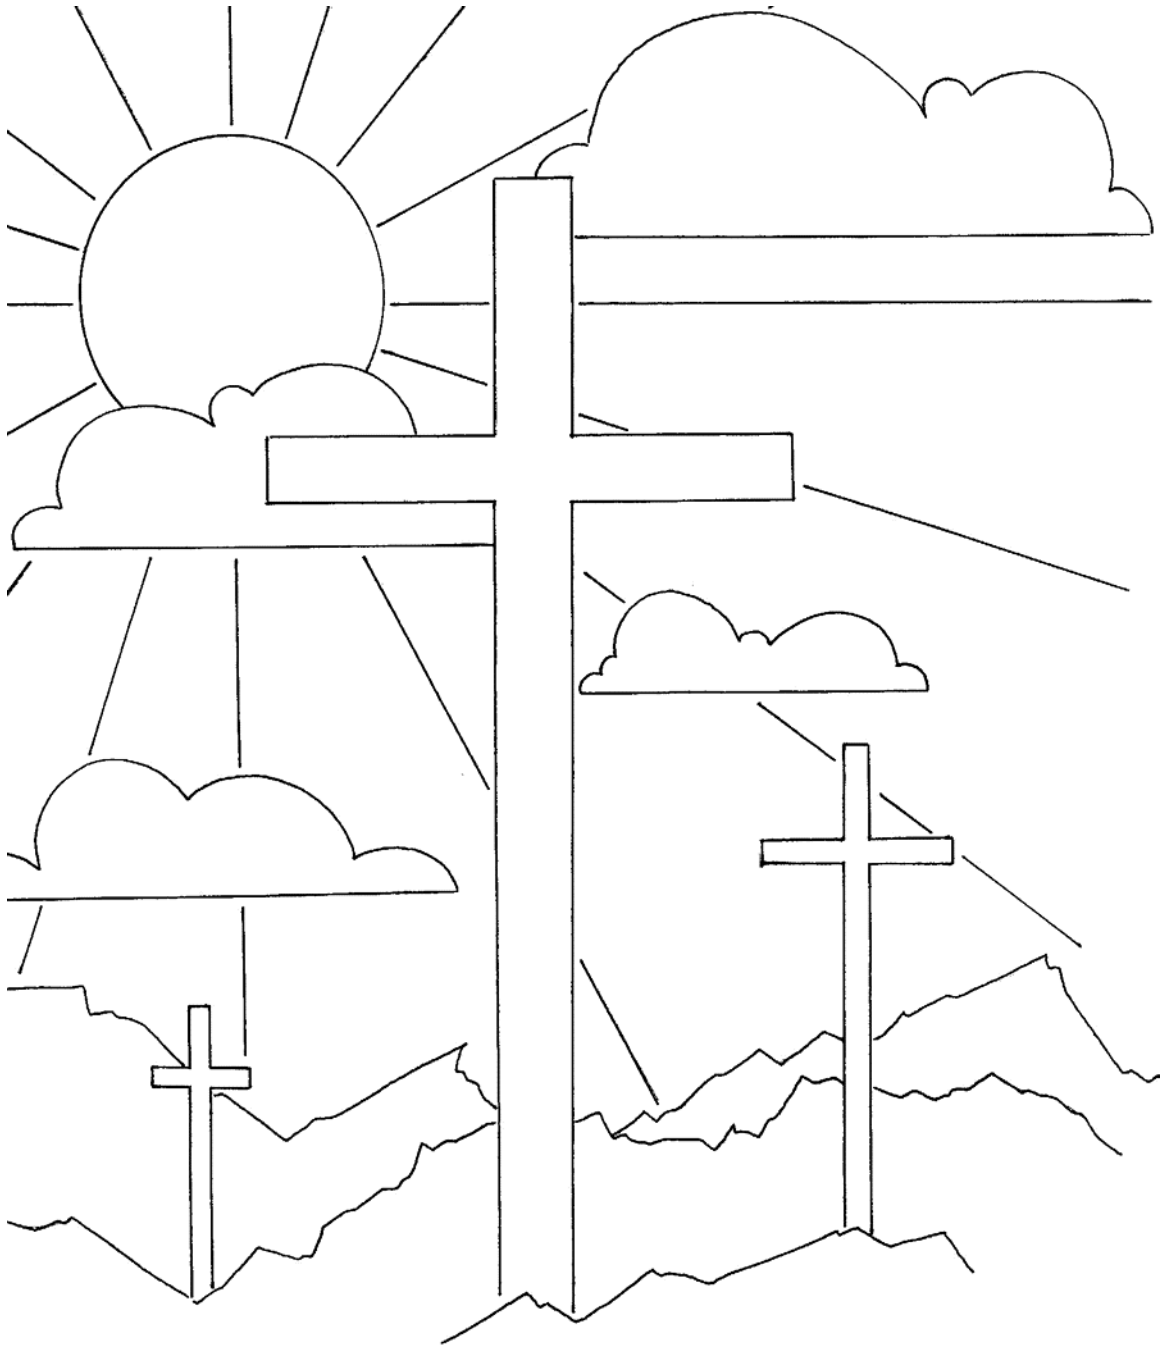

Like my father and my mother and my  
sister and my brother

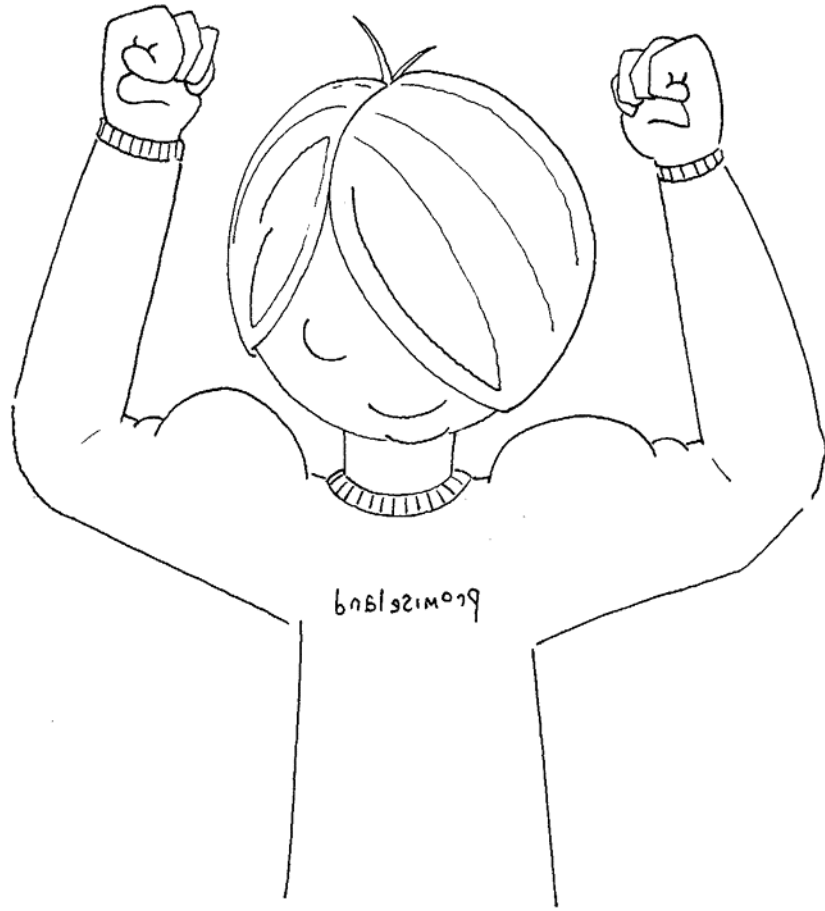

each one of us  
both girl and boy

we praise and worship  
with songs of joy

I learned that Jesus died for me  
and paid for all my sin

And if I ask him in my heart, then I'll be  
born again.
